How to use?

Before using bamboo Toothbrush, we should wash the ToothBrush with flowing water, no need to use diswash soap. Bamboo TootBrush can be used multiple times and have life cycle up to 1 years with proper care.

Benefits of using bamboo straws:

1. Gentle to enamel. The wave shaped bristles help remove hard plague on teeth.
2. Eco friendly. Like bamboo straws and cutlery sets, the bamboo toothbrush is degradable .
3. Chemical free. The toothbrush also made from 100% material which no use of chemical.
4. Light and durable.
